Gondolas

Gondolas

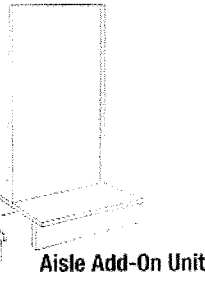

You can choose from single sided Wall Units, double sided Aisle Units, and End Cap Units. All units are available with either pegboard or plain melamine backers. Metal components are baked enamel in a standard Ivory and black trim finish.

Ordering your shelving is easy as 1-2-3.

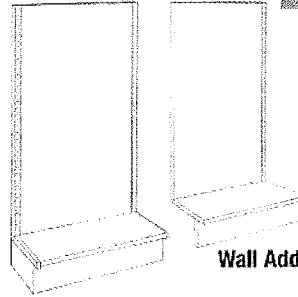

Decide whether you need a single sided Wall Unit, or a double sided Aisle Unit. Determine the upright height and base depth & width needed. Begin each row with a **Starter Unit** and extend each row by adding **Add-on Units**. For Aisle runs, finish off rows with **End Cap Units** as needed. Add shelves and accessorize with wire fences, dividers and pegboard hooks. The shelf depth & width should not exceed the base depth & width. Should you need assistance in planning out your needs, please feel free to call and one of our Gondola Specialists will be happy to assist you.
